

HAPPY BIRTHDAY, (PAPA) JOHN SCHNATTER!

John Schnatter ("Papa John") lives in a 40,000 square foot CASTLE with a 22 car garage, private golf course, and private lake... with a draw bridge. Immediately after the election, Papa John said the Affordable Care Act will increase his business costs and possibly result in employees' hours being cut... because he can't afford an additional 14 cents per pizza to cover employee healthcare costs...

Today, November 23, 2012, is Papa John Schnatter's 52nd birthday. So what do you give a man who has everything?

Decency.
